Re: Gregory Allen Letter of Recommendation

Dear Sir or Madam,

Greg was assigned to our office June to August, 2004 as a summer intern. He returned briefly during the Christmas holiday semester break. I offer my comments regarding his intention of returning to the program.

Greg always reported early for work. He performed field duties well. When shown how to do a task, he did it well. He was very enthusiastic.

He learned basic survey fieldwork very quickly. Although he had a tendency to try shortcuts, once he was shown calculation methods, he was able to duplicate solving similar problems.

He asked questions when he did not understand procedures. He was always willing to share his ideas.

Greg's consistent display of energy, enthusiasm, optimistic attitude and his prior experience in our office and in Materials make him an excellent summer intern candidate.

Please feel free to call me at 602-712-5740 if I can be of assistance in this matter.

Thank you.

Paul Jokilehto, RLS
